Assigning jersey numbers in GameDay

Step 1:

Log into your GameDay Passport account

The screenshot shows the GameDay Passport login interface. At the top is the GameDay logo, a teal hexagon with a white 'G', and the text 'GAMEDAY powered by stacksports'. Below this is the heading 'Login to Passport'. There are two input fields: 'Email Address *' with the placeholder 'email@address.com' and 'Password *' with the placeholder 'Password'. A 'Forgot?' link is next to the password field. Below the fields is a teal 'Login' button. Underneath the button is the text 'Don't have an existing Passport account? Please register below.' and a white 'Register' button. At the bottom, there is a 'Privacy Policy' link and a copyright notice: '© Copyright GameDay. All rights reserved.'

Step 2:

Click on 'Membership and Competition Management'.

Step 3:

Access your club's portal by clicking on the logo.

Step 4:

Step 6:

Type in the number you want to assign to the member. After entering the number click anywhere else in the grid and wait for the box to turn green.

Step 7:

The member will then automatically have a number assigned when they are entered into games.

Step 8:

To do this at team level, follow the same steps but select the team member screen from the menu on the left.

Please note: if the player has the same number at both club and team level, then you just need to fill out the club number field. Both of these are listed as sometimes players have different team numbers as they play in multiple teams and may use a different number for each team- their club number will be the main number that they use or for those that only play in one team throughout the whole season.
