2. Mission Statement

- 2.1. The mission of the EIH Department of Player Safety (DOPS) is to promote integrity, fairness, and safety within the sport of ice hockey. We aim to enforce the rules and regulations outlined in the IIHF Rule Book, EIH in-house rules and the EIH DOPS Policy, ensuring a respectful and enjoyable experience for all participants.
- 2.2. We are dedicated to upholding the highest standards of sportsmanship, fostering a culture of accountability, and maintaining a safe playing environment. Through transparent and thorough investigations, fair adjudication of DOPS hearings, and efficient appeals management, we aim to instil trust and confidence in our DOPS process.
- 2.3. Our mission is not only to address incidents and enforce penalties but also to educate and raise awareness about the importance of responsible conduct both on and off the ice. We strive to foster positive relationships and open lines of communication, building collaborative relationships with relevant stakeholders to continuously improve our processes and align with the evolving needs of the ice hockey community.
- 2.4. We are committed to operating transparently, engaging in effective internal and external communication, and embracing necessary changes to enhance player accountability and conduct enforcement. Together, we uphold the values of sportsmanship, integrity, and respect, ensuring a thriving and enjoyable ice hockey environment for all.

3. Jurisdiction

- 3.1. These rules shall apply to all individuals within the jurisdiction of the England Ice Hockey (EIH), including players, coaches, clubs, and teams.
- 3.2. The EIH shall establish a DOPS Committee and an Appeals Panel with the delegated power to determine DOPS matters on behalf of the organisation.
- 3.3. In certain circumstances, as detailed in the Appeals section, Sports Resolutions may handle DOPS matters and other disputes.

4. DOPS Departments & Associates

- 4.1. To ensure efficient and effective communication all DOPS matters shall be raised to the DOPS inbox only (discipline@englandicehockey.com) The DOPS Coordinator will confirm receipt and the steps that will be taken to investigate and resolve the matter.
- 4.2. Requests & Inquiries must be submitted via email by the club/team associate only. Correspondence from other sources will not be considered, nor responded to.
- 4.3. Email is the preferred method of communication for DOPS matters. It provides a clear record of all correspondence and helps to minimise any potential misunderstandings.
- 4.4. To ensure that all communications are accurately recorded, please refrain from contacting the DOPS associates through any other means or directly. If reaching out directly DOPS will not be held responsible for any delayed response or matters resulting from lack of response in this scenario. Only reach out directly to a DOPS associate in exceptional circumstances as agreed upon in advance.

5. Department of Player Safety

- 5.1. DOPS is a sub-department of the EIH responsible for handling ice hockey-related and general discipline matters. The department has the authority to impose any sanctions specified in the rules and appendices.
- 5.2. DOPS shall be composed of a minimum of three individuals aged 18 or over, who are members of the EIH's discipline section. DOPS General Manager(s) shall have the discretion to convene the Committee when necessary to address ice hockey-related and general DOPS matters within the jurisdiction of the Committee.
- 5.3. A quorum of three shall be sufficient to convene a meeting/hearing of the DOPS Committee.
- 5.4. The DOPS Committee may delegate any of its functions to one member of the committee.
- 5.5. The DOPS Committee, appointed to consider a DOPS matter, will make decisions based on a simple majority vote of the members present.
- 5.6. If there are serious grounds to question the impartiality of any member of the DOPS Committee, such as having a direct or indirect interest in the outcome of the proceedings, they must decline to participate in the consideration of the DOPS matter.

- 5.7. DOPS shall have the power to regulate its own procedures and determine any matter arising under or in connection with the rules. This includes the power to waive any requirement or extend any time-period provided for in the rules, except in relation to appeals when the EIH Appeals Panel shall be entitled to exercise such powers.
- 5.8. DOPS may impose an action on a player, coach, person, club/team for an offense that is different from the original offense, provided that such offense is related to the same incident(s) as described in the game sheet/referee's report. DOPS shall ensure that such action does not unfairly prejudice the player, person, or club/team.
- 5.9. Unless DOPS or the EIH Executive Committee decides otherwise in its sole discretion, a DOPS Committee will be convened in the following circumstances
- 5.10. The DOPS Committee shall be convened when a referee calls a penalty based on offenses described in the current IIHF Official Rule Book, IIHF Case Book, EIH/NIHL Code of Conduct, and EIH/NIHL In-House Rules that incur an automatic suspension.
- 5.11. The DOPS Committee shall be convened when any person or team commits an act of misconduct, which is defined as any illegal or unsporting behaviour by a player, club, team, or supporter during a game or outside of it that may potentially harm the reputation of ice hockey, EIH, or its commercial partners. This includes any violation of the Code(s) of Conduct.
- 5.12. While it is not feasible to create an all-encompassing list of behaviours that may qualify as misconduct under the rules, Appendix A provides examples of misconduct, which includes each type of behaviour exhibited by a club/team and/or its players, its persons or supporters.
- 5.13. The mechanism for convening the DOPS Committee is as follows when a penalty is called:
 - The member responsible for DOPS matters within the appropriate league will receive and review the game sheet and referee's report, documenting any penalties, offences, and corresponding penalty points for the specific violation.
 - If there are instances/ incidents of misconduct that are not related to a penalty, the head of the relevant section shall investigate the allegations and create a report to be presented to the DOPS Committee.
- 5.14. While the above procedure is recommended, the EIH Executive Committee and DOPS hold the right to modify it if they consider it necessary. The full supplementary discipline process can be found in Appendix I.
- 5.15. To ensure an efficient and effective DOPS Procedure, all clubs/teams must submit all game related paperwork via a Cognito Form by 10pm Monday after a Friday/ weekend game or within 24 hours of a midweek game.
<https://www.cognitofrms.com/englishicehockeyassociation/eihgamesheetsubmission>.

- 5.16. Referees' reports must be received by the DOPS Associate no later than midnight of the Monday following the weekend's games, or within 24 hours of a game being played, if the game is played mid-week.

6. Penalty Points

- 6.1. The EIH has established a system of penalty points for both players, coaches and teams. This system involves the accumulation of penalty points for committing offences and receiving penalties prior, during and after games.
- 6.2. The EIH employs a penalty points system that awards points to players, coaches and teams for committing offenses and receiving penalties. The penalty points tariff for players is provided in Appendix D; however, DOPS retains the discretion to decide the level of penalty points.
- 6.3. All clubs/teams have the responsibility to keep track of their players' penalty points and make sure that any player who has received enough points for a suspension does not participate in any games, in any capacity (playing, coaching in any form, present on the bench or otherwise), during the suspension period.

7. Accumulated Penalty Points and Automatic Suspension

- 7.1. Any player who accumulates a requisite number of penalty points in a single league/division will be automatically suspended.
- 7.2. The table set out at Appendix E sets out the tariff for automatic suspensions.

8. Additional Sanctions for Playing a Suspended Player

- 8.1. In the event a team plays a suspended player additional sanctions will apply.
- 8.2. The individuals responsible for the offence, such as the Team Coach and/or Head Coach, will each be suspended for two games.
- 8.3. 10 penalty points will be added to the team's penalty points total.
- 8.4. A team that plays an ineligible player shall result in that game being awarded as 5-0 to the non-offending side.

9. Penalty Points for Coaches/Managers and Bench Officials

- 9.1. The EIH has a penalty points system for coaches, managers and bench officials who are considered as persons under the above definition. It should be noted that penalties for player-coaches are addressed in Section 11.

- 9.2. The penalty points sanctions for all offenses committed by coaches, managers, equipment staff and bench officials are listed in Appendix F.
- 9.3. It is important to note that penalties for coaches, managers and bench officials will primarily rely on the game sheet and referee's report. However, DOPS reserves the right to modify the punishment as they see fit, either reducing or increasing the severity of the penalty.
- 9.4. For coaches, managers and bench officials at ALL levels, any game misconduct penalty received will lead to a suspension of up to 3 games.
- 9.5. DOPS may apply additional measures for repeated offenses, such as extending the suspension to all levels and/or reporting the incident to the Coaching Program. Please note that these sanctions are not limited to the ones mentioned above.
- 9.6. If a team accumulates 50 or more Penalty points during a season, any coach identified by the DOPS GM(s) & Coaches GM as having responsibility for that team will receive an automatic two-game suspension.
- 9.7. DOPS can initiate disciplinary proceedings against any coach found to be in violation of the code of conduct.
- 9.8. If a team accumulates 100 Penalty points or more in a season, any coach identified by DOPS GM(s) & Coaches GM will be automatically suspended and required to appear at a Coaches GM & DOPS panel to explain their team's conduct before being allowed to continue coaching. It is important to note that the head coach is not necessarily the coach in charge of the team bench during a game.

10. Game Video Footage

- 10.1. Every NIHL game, including challenge games, should be video recorded and uploaded onto the NIHL Video Library/Instat by 10pm on the Monday following the fixture so these can be made available to discipline panels. - 10.2. All recording must also take place in conjunction with EIHL's Filming and Photography Policy as outlined in the Safeguarding section.
- 10.3. A team who fails to adequately record a game and upload to the NIHL Video Library/Instat by the set times above, the team will be fined as per the tariffs detailed below.

As a result, he is prohibited from any coaching duties until the end of the suspension period for the U16 game. Even if there is an U19 game scheduled during the suspension period for the U19 game, Coach A will still not be allowed to perform any coaching duties for the U19 team.

- 16.1. Teams are expected to fully cooperate with DOPS during investigations. Failure to comply with requests for statements, witness accounts, video evidence, or clarification of a person of interest (player/coach/off-ice staff) within the required time period on the request will result in team sanctions.

- 17.1. Payments for fines, penalties or approved expenses, losses, or costs incurred by a non-offending team imposed under the EIH DOPS Policy must be made within 28 days of the invoice receipt. Invoices not paid within the 28-day period will incur an administration fee of £20.00 and a final reminder will be sent to the member.
- 17.2. Failure to pay within a further five working days will mean that all privileges exercisable by the member of England Ice Hockey shall be immediately suspended until the outstanding payment is settled.

- 17.3. This may include a team's fixture(s) being withdrawn until the outstanding payment is settled. Any fixture withdrawn due to non-payment of fines will be treated in accordance with failure to fulfil a fixture.
- 17.4. This may include an individual being suspended from playing, coaching or managing, until which time as outstanding fees are settled.
- 17.5. - 17.7. An individual may not be able to re-register with the EIH whilst any payments remain outstanding outside of the above payment terms.

18. EIH Appeals

- 18.1. The EIH has always understood the importance of providing a process for individuals who receive significant penalties under the rules to appeal against the DOPS Committee's decision. This is done as part of a broader effort to ensure that justice is served.
- 18.2. The Appeals Panel is authorised to establish a procedure it deems appropriate in each case. However, in general, it must follow the procedures stated in the rules, and it must ensure that a party who appeals a decision of a DOPS panel receives a proper notification of the hearing of the appeal;
- 18.3. Has the opportunity to be heard in support of the appeal;
- 18.4. Has the right to have the appeal determined by a fair and impartial panel.

19. Circumstances of Appeal

- 19.1. Appeals are restricted to specific situations due to the nature of ice hockey and the associated costs and resources. Therefore, appeals can only be made in the following circumstances:
- 19.2. An appeal is permitted in the circumstance where the DOPS Committee has ordered a suspension for a single offense, and the suspension is for more than the recommended starting tariff of games for the appropriate league.

- 21.10. The appellant has the right to be present during the appeal hearing. However, they may choose not to attend, in which case the Appeals Panel will still consider their appeal. If the appellant chooses not to attend, they can submit written statements before the hearing.
- 21.11. Appellants appealing to a sports governing body are typically not allowed to have legal representation. However, if an appellant wishes to be represented by a legal representative, the decision is at the discretion of the Appeals Chairman.
- 21.12. Any expenses incurred by the appellant, including the cost of legal representation, are not refundable. In case a legal representative is allowed by the Chair of the Appeal Panel, the appellant will be responsible for covering all the costs related to it, regardless of the outcome of the hearing.

Guide To Suspensions and Sanctions

The EIH tariff system aims to ensure fairness and consistency in the application of suspensions across all leagues. When assessing Supplementary Discipline for On-Ice Conduct, the following factors will be considered:

- The type of conduct, including intentional or reckless violations of League Playing Rules, and the use of excessive and unnecessary force. Players are responsible for the consequences of their actions.
- The injury suffered by the opposing player(s) involved in the incident.
- The offender's history of being subject to Supplementary Discipline for On-Ice Conduct, with repeat offenders facing more severe punishment for each new violation.
- The context of the game, such as the time remaining, the score, and any prior incidents
- Any other relevant factors that may be appropriate in the given circumstances.

Those Offences that do have a Mandatory suspension, are not cumulative with upgraded tariff suspensions. Instead, the term of the upgraded tariff suspension supersedes the mandatory suspension period.

Example of Suspension Tariff for Abuse of an Official:

(Note: The following is an illustrative example and not a definitive guideline. Actual suspensions may vary based on the specific circumstances of each case.)

- Verbal abuse with non-foul language: Tariff 1 up to 3 Games
- Verbal abuse with foul language: Tariff 2 up to 6 Games
- Verbal abuse with threats: Tariff 3 up to 10 Games
- Note: Foul Language constitutes the use of abusive expressions, which encompasses swearing. Racial, sexual, and homophobic abuses are addressed in separate sections of the DOPS tariff.

Mandatory 1 Game Suspensions

Whilst this has been removed for most of the offences this coming season, please be aware that the following will still have the mandatory suspension.

- 41.4. Boarding
- 43.3. Checking from Behind
- 48.3. Illegal check to the Head or Neck
- 23.8 (II) racial taunts or slurs or sexual remarks (Call made by the Officials)
- 46. Fighting - Last 5 minutes of regulation and or Over Time

Please note:

Any major penalty with a game misconduct as detailed in the above table, the recommended starting suspensions are subject to change at any time. Refer to Section 5.7 for more information. For any suspension issued to a player, club, team, or individual, please refer to Section 26.

All players receiving major penalties will be monitored. Any consistent reoffenders may receive additional supplementary discipline. This is at DOPS discretion.

The DOPS Committee may apply supplementary, or alternative, sanctions at its discretion including, but not limited to, the following:

- Further match suspensions.
- Suspended suspensions for a period to be identified and notified by the DOPS Committee to the club/team/person.
- Suspension from all ice hockey for a period to be identified and notified by the DOPS Committee to the club/team/person.
- Suspension of a coaching or playing license and/or registration.
- Any Coach and or Team Official may be required to attend an Educational Course.

During the identified league season, only league games will count towards a suspension.

For suspensions at any Junior Level, games at Showcase and Junior National Finals do count towards a suspension.

The following types of games will not count towards a suspension and do not qualify as games played:

- Challenge/charity games whatever the circumstances of authorisation.
- Double point games (only count as one game for the suspension);
- Forfeited league games.
- Awarded league games.
- Sanctions Tournaments

Suspensions will carry over to the next season, should the suspension not have been served in full during the previous season.

Two-way players facing suspension will be obligated to complete their entire suspension period within the NIHL league for which it was imposed. Moreover, the suspension will be extended to the Elite League, resulting in the player being barred from competing for an equal number of game

days across both their EIHL and NIHL teams. Equally, a suspension issued in the Elite League will also apply to a player registered with an NIHL team for the same number of games in NIHL competition.

For instance, if a player receives a 6-game suspension at the NIHL National level, they will be unavailable to play at Elite League level for 6 game days (combining both the EIHL and NIHL leagues). In cases where both teams have matches on the same day, it will be counted as a single game day. EIHL games will not be counted towards their EIH suspension.

	NIHL Game Day	EIHL Game Day	Game Day Count	
Sat	Game Day	Game Day	1	
Sun	Game Day	Game Day	2	
Wed		Game Day	3

Please refer to Appendix C for further information on DOPS procedures.

APPENDIX G

For the purpose of clarity, tariffs are generally applied in line with the cumulative number of fixture offences (for example, tariff 1 will normally be applied for a first event). However, the severity of the tariff may be upgraded at the DOPS Committee's discretion for reasons, including

but limited to, cancellation of a fixture within 24 hours of the match, cancellation of a high-profile fixture or failure to attend without notice.

In addition to the above, the offending team may be held liable to indemnify the non-offending team and the venue operator/rink in respect of any expenses, losses, or costs incurred because of the offending team's actions. For the EIH to support any such financial claim(s) from a non-offending team, supporting documentation must be provided on request and approved by the EIH as outlined in the EIH Rule Book under Satisfactory supporting documentation.

Should a team be removed from a competition, the results of all their games shall be expunged from the record of any competition that the team has taken part in.

APPENDIX H

Supplementary Notes on the Implementation of Suspensions and the DOPS Process for the 2024-25 Season.

Procedures

All suspensions for Game Misconduct (Coach/Team Official) & 5+Game Misconduct penalties will initially be reviewed and assessed by the relevant DOPS associate. In the case of extreme or unusual incidents considered to require a longer or shorter suspension than would usually be assessed, the DOPS associate will make a recommendation and refer the matter to two other members of the DOPS committee for approval. The usual appeal procedures will apply if any suspension assessed is of sufficient severity to be open to appeal under the DOPS rules.

Note: A match referee or any IHUK representative may initiate action under this policy

Attempts to Circumvent DOPS Procedures

If any club official or player tries to bypass these procedures by contacting an EIH official who is not involved in the relevant stage of the DOPS process to influence the outcome, they will be subject to DOPS action (or additional DOPS action). In the case of parents or guardians of junior players, the incident will be reported to the player's club(s) to take necessary action.

APPENDIX I

DOPS Supplementary Discipline Process

1. Initial Suspension: A player receiving a major penalty with game misconduct which does not have a mandatory suspension will be subject to a review.
2. Evidence Collection: The game sheet and match officials' reports are submitted to the DOPS team.
3. Incident Review: The relevant DOPS official for the league reviews the incident and depending on severity of the offence, the appropriate Tariff & Suspension will be applied.
4. Preliminary Decision: A decision is made based on the officials' statements, their on-ice positions, and this is supplemented by video evidence (if available).
5. Escalation (if needed): Tariff 2 offences or higher are escalated to DOPS GM for panel review.
6. Incorrect Decision Handling: If video shows a clear and obvious incorrect on-ice call, the EIH DOPS Liaison Officer will contact IHUK for further review. In the event an incorrect call has been made, IHUK will liaise with the match night officials to discuss the incident, review the video footage, provide feedback on why the decision has been reached and the footage can then be used for future training camps.
7. DOPS Penalty Point Tracker Update: Utilised across all EIH leagues, this tool diligently monitors all major & misconduct penalties throughout the season, keeping a running tally of player penalty points and combined team penalty point totals. After an update to the tracker, the DOPS team can instantly view a player's total penalty points, determining if

the player has reached a specific limit that triggers an additional suspension. This streamlined process ensures that disciplinary actions are consistent and aligned with the severity of infractions.

8. Club Notification: The player's club is notified via an online form.
9. Communication to DOPS GM: The decision and reasoning are communicated to the DOPS GM.
10. Press Release (if applicable): For senior-level hockey, the suspension will be published on the EIH website within 36 hours of the club being made aware.
11. Transparency Initiative: This includes significant suspensions within the NIHL1 and NIHL2 leagues. This comprehensive process ensures that discipline is maintained within the EIH, with clear procedures for handling major penalties and providing transparency to clubs and the public.

Suspensions at Multiple Levels

To allow the continued development of players who play at multiple levels of the support, suspensions will now be sat at all levels that the player participates in. This should allow a quicker return to play.

A Player plays for Basingstoke's U16, U18s & NIHL

Received a 2 game suspension at U18s prior to October

Under Season 23-24 Rules.

He would miss a total of 11 games and wouldn't return until November 9th

Under proposed Season 24-25 Rules.

He would miss a total of 6 games, but returns for the U16s & NIHL on the 27th October & 19th October respectively

Whilst this means he serves 6 games in total, it will allow him to return for each level at the earliest possibility.
